

**PA+**

## **PROCESS ARCHITECTURE *PLUS***

Eventually state and federal law will require companies to follow good manufacturing practices (GMPs) for growing and processing marijuana. Make smart decisions now without spending more money later. *PA+* is here to help you plan for the future.

**We are GMP experts.**

For as little as \$2,500 *PA+* will develop a comprehensive floor plan showing all aspects of the manufacturing process, including equipment and flows.
